“2011 will be the year of rapid restoration”
Already January has been very exciting! So we are full of anticipation for what february will bring...

The Lord speaks in Zechariah about not despising the day of small beginnings. We have started another Bible Study in Harrow, North London, last week and are delighted with what happened. We are looking forward to what God will do in the next few months. Come and join us if you live in the area!

We met a couple and their son in Lakeside Shopping Centre who introduced themselves to us. They recognized us from the previous church where they had come for healing. The mother had been suffering with very painful arthritis in her hands. When Bishop Reid prayed for her 15 years ago, supernatural heat stayed in her hands for a week and the arthritis disappeared never to return! They are coming to do a TV program with us which should be up on the web site by the end of the first week in February.

Dr Ruth Reid & Bishop Michael Reid

LIVE STREAMING

Wherever your at in the world you can tune into our **LIVE** church services by the click of a mouse.
