

Kansas ElectroRally

2016 Spring Races

The points of emphasis from the Electrathon America Handbook for 2016 include:

1. **Roll Bar**: The drivers helmet must be below the roll bar – Page 6, Section 4.4
2. **Brakes**: The vehicle must not roll when pushed while brakes are applied – Page 8, Section 9.5. When participating in Kansas ElectroRally events, brake lights must be installed and operational.
3. **Ground Clearance**: The vehicle must demonstrate ability to roll over a 2x2 that is milled to be 1 ½ x 1 ½ - Page 8, Section 10.3
4. **Seat Belt**: The seatbelt must be able to hold all drivers securely in place – Page 10, Section 18.5
