

Kansas ElectroRally **2018 Championship Racing Series**

Fall Race Schedule Confirmation

Touchstone Energy Electro-Rally – West Beloit April 12th
Sunflower Electric Electro-Rally – Scott City April 18th
Touchstone Energy Electro-Rally – East Olathe May 5th

Registration

Teams must be registered with the Electrathon America to participate.
Teams must register for each Kansas ElectroRally Spring event on-line at www.kansaselectrorally.com

Liability Release Forms

NOTE: All Teams must complete new Release forms for the 2018 race season. All Teams must submit the original completed release forms and present copies to verify release forms are on file at each race.

Changes for the Spring Championship Racing Series 2018

Vehicles must register in one classification, Standard or Experimental but not both classifications at a single event.
-Example: If a school team registers a car in the Experimental Class at the Beloit Race Event that same car cannot also compete or classify in the Standard Class at the Beloit race.
-Schools may continue to enter cars for multiple practice races; the 1st race entered is the race that's scored.
-Weight Ballasts will be weighed & certified at registration.
-Drivers will be given and must wear wrist bands identifying their specific weight ballast at registration,
-Top four car of each heat race will be inspected for batteries and weight ballast.

RULE Changes, Points of Emphasis

All rules can be found on the Electrathon America website www.electrathonamerica.org. The Rule Book is updated and valid for the 2018 season.

Kevin Vering may also be contacted for technical information. Pictures and drawings may be sent to Kevin to verify a vehicles compliance.

DO NOT WAIT until the day of the Race and risk non-compliance. If the vehicle doesn't meet specification **IT WILL NOT BE PERMITTED TO RACE.**
