

October

Preschool Dept. Announcements

- Praise God! AWANA'S started up again in September and we have had an awesome turn-out! This year we have started a new AWANA'S class for the 2 year olds, called Puggles. They are having so much fun learning about God on Wednesday nights!
- Another praise is that the number of children is continuing to grow in the preschool department. Since the classes are getting so full, we are planning to open up another class for the older 2 year olds. In order to do this, we will need another Sunday school teacher and another paid worker. Please join us in praying that God would send us a few workers for the harvest.
- We now have 6 paid workers, which is a huge blessing! We are still looking for another paid worker to work with the pre-K class during Worship Through Caring and a full time worker for the new 2 year old classroom.
- We are beginning a couple of new things in the Lambs (babies) class. We have an information sheet for each parent to fill out to let the workers know specific needs for each child. If your child is in the Lambs class and you have not yet filled one out, please stop by the front and pick one up. Also we have new charts that will be filled out by the paid workers each Sunday to let the parents know the things their baby did while in the nursery. These charts will be in each little Lamb's bag when they are picked up.
- We are still in need of a few more volunteers to be on the rotation to help in Worship Through Caring during the second service. If you are not already signed up and you would like to find out more about how you could be involved in this growing ministry, please see Melissa.

A couple reminders:

- Please remember to sign your child in on the sign-in sheet each Sunday and sign them out when you pick them up. Also check and make sure all your information is correct on the sheet, and let us know if there are any corrections that need to be made. This helps us keep better track of each child.
- Just a reminder, your little ones need to be fever free for at least 24 hours before they return to their class. We don't want to share our germs with our friends.
