

# May

## Preschool Dept. Announcements

- Praise God! We are overflowing with children! What a blessing that God has sent us so many children! Currently each classroom is very full; therefore, we will not be moving any children up to the next class at this time. We are aware that there are some children who are ready to be moved up, but at this time we are going to hold off.
- I am sad to report that we have lost 3 paid workers in the past month. Crystal has moved to Alabama, Claumita has moved back to Haiti for a while, and after many years of service, Ms. Jean has decided to retire. Although, I am sad to see them go, I am confident that God will provide for our needs. He is faithful.
- This month we have hired a new paid worker, Armonique Hayes, to work with our Kindergarteners during Worship Through Caring. We are also in the process of interviewing some more workers, to work toward having a paid worker in each classroom.
- We are working toward adding another classroom because of the fullness of each class. In order to do this we will need another Sunday School teacher and another paid worker. Please be praying through whether God might be calling you to this area of service.
- May 20<sup>th</sup> will be the Children's Choir musical performance during the Sunday School hour. The Lambs and Bears will have Sunday School as usual. The Monkeys, Tigers, and Lions, will not have a regular Sunday School class, in order that they might be able to attend the performance with their parents. This will also give them an opportunity to see a program they might be interested in participating in next year.

### A couple reminders:

- Please remember to sign your child in on the sign-in sheet each Sunday and sign them out when you pick them up. Also check and make sure all your information is correct on the sheet, and let us know if there are any corrections that need to be made. This helps us keep better track of each child.
- We have had a lot of little viruses going around recently. Just a reminder, your little ones need to be fever free for at least 24 hours before they return to their class. We don't want to share our germs with our friends.
