New Members

This week marks the one-year anniversary of our move to Fresno. I must admit, it seems strange to type those words. I wonder to myself, "Is it even possible that we have been here for a year already?" Reflecting on the past year, I am thankful to have been a part of what the Woodward Park family has done in the name of Jesus. I have watched you reach out to the poor and needy. I have seen you wrap your arms around those who were hurting. I have watched you welcome people who in many churches would be shunned. I have watched you parent your kids, younger and older. I have witnessed so many of you involved in some ministry effort. We have laughed together and we have cried together. We have worked together and played together. And through all those things, I continually give thanks to God for our being among your for the past year.

During the time my family and I spent back in Tennessee, I was asked repeatedly, "So do you really like it in California?" I never had to hesitate, but always answered with an enthusiastic, "Yes!" If there was time, I would share with them why our time with Woodward Park had been so special. Many people who I knew during my "growing-up" years were shocked. The most common response would be, "You mean to tell me that a boy from the country in Carroll County is happy living way out there?" And I was glad to tell them of the family we had who welcomed us and loved us and made us feel like we had always been here. We love you, and are excited to see what God has in store for us as we go forward.

Until we meet again...TWP
