Sunday Evening Services

Joe Boe

Dear Church Family,

It is hard to find words to express our gratitude for the outpouring of love and support we have received during this difficult time. Thank you so much to those of you who were able to attend the memorial service. That was our way of saying goodbye to Luke and it was so helpful to have our family and friends there for support. Also, thank you to everyone who helped make the luncheon possible and to Joe and Jeff for the beautiful words and songs.

To all of you who have sent cards, meals, flowers, or made donations to YBC in honor of Luke, we cannot thank you enough. We know God will provide peace and comfort in time and that with your love, support and continued prayers, we will get through this trial.

In Him,

The Hollett, Avedikian & Beene Families

ANNOUNCEMENTS

Bruce Lee— Please pray for me, I have more X-rays this week.

Angel Carrillo— Praise to God, he returned Opi's children back to her. Please pray for my brother and my mom who are sick. I passed my written test for my license.

Jessica Pacheco— Pray I don't get caught up in the world stuff @ work. I need strength.

Friends of YBC,
The Memorial Day BBQ in May is coming soon. We need 8 oz or 16 oz jars for canning. The jars can be recycled but in good condition. Also, we are asking everyone who sews or crochets to help us by making aprons, baby blankets, dish clothes, etc. All proceeds go toward improvements at YBC. If you have any questions, please see Sylvia White.

1,000 Miles an Hour

The earth rotates on its axis at approximately 1,000 miles per hour. If that had been 100 miles per hour, our days and nights would be 10 times longer and our planet would alternately burn and freeze. Under such circumstances vegetation could not live.

If the earth were as small as the moon, the power of gravity would be too weak to retain sufficient atmosphere for man's needs; but if it were as large as Jupiter, Saturn or Uranus, extreme gravitation would make human movement almost impossible. If we were as near to the sun as Venus, the heat would be unbearable; if we were as far away as Mars, we would experience snow and ice every night, even in the warmest regions.

If the oceans were half their present dimensions, we would receive only one-fourth the rainfall we do now. If they were one-eighth larger, our annual precipitation would increase four fold and this earth would become a vast, uninhabitable swamp.

Water solidifies at 32 degree Fahrenheit above zero. It would be disastrous if the oceans were subject to that law, however, for then the amount of thawing in the Polar Regions would not balance out and ice would accumulate throughout the centuries. To prevent such a catastrophe, the Lord put salt in the sea to alter its freezing point.

*"And ye shall know the truth, and the truth shall make you free."
John 8:32*

Greenhouses And Salvation

Why is a greenhouse full of light? One answers, "Because it is made of glass." Another replies, "Because the sun is shining." The two answers are not contradictory; they simply approach the question from different angles. Cover the glass, and the greenhouse will be dark even at high noon; but at midnight the greenhouse will be dark no matter how much glass it has.

What saves sinners? One answers, "God's grace." Another replies, "We're saved by faith." A third says, "We must obey the gospel to be saved." All three are correct. The ultimate source of salvation is God's grace (Ephesians 2:8). But the sunshine of God's grace radiates through the glass of trusting obedience (Mark 16:16; Hebrews 5:9). Sadly, multitudes of sincere people utterly reject the third answer (obedience), mistakenly thinking that it contradicts the first two (grace and faith).

In particular, most religious people reject the necessity of baptism for salvation. Erroneously viewing baptism as a work of merit, they think it detracts from God's grace. Baptism, however, is like the glass in a greenhouse. It does not, of itself, provide salvation. Without God's grace and your trust in Jesus, you could be immersed until you wrinkled up like a prune, but you would remain utterly lost. On the other hand, God ordained believer's baptism as one of the conditions for receiving His grace. Inspired by the Holy Spirit, Peter said baptism is "for the remission of sins" (Acts 2:38), and that it saves us (1 Peter 3:21).

Is baptism a "sacrament" that produces salvation? Absolutely not! Nor does glass originate light. 'But glass is still necessary for the greenhouse to be illuminated. And baptism is still necessary for sinners to receive God's gracious gift of eternal life.

Let's teach and practice the truth about the most important question of all: "What must I do to be saved?"
