

# Sponsor Family Photo Albums

Creating a special gift for your sponsored child

Dear Spring of Hope Sponsors,

A 4others leadership team is visiting the Spring of Hope CarePoint this October! **Every time we visit the children, they ask us about their sponsors.** They are so curious about you. They love seeing pictures of you, and they long to know you better! So here's one special way you can surprise and bless your sponsored child this October.

## Sponsor Family Photo Albums

We bought small 4x6 photo albums for you to fill with pictures and postcards that will help your child better understand you and your world!

## How to create your photo album: (FAQs on back)

1. **Start gathering photos** of you, your family, your pets, your favorite destinations, etc. Show your sponsored child where you live and what you like to do.
2. **Write a short note** on a 4x6 card to fit inside the photo album.
3. **Send in your photos and note** by **September 1st**.
  - ⇒ **Mail your items** in an envelope to our 4others office (address below) **OR** **share your photos online** with Courtney Hunt (courtney@4others.org) so we can print your photos and note for you.
  - ⇒ Please also send a **\$20 donation** (payable to 4others). This donation will purchase a new pair of jeans and a light jacket to accompany your gift! These durable, long-lasting items will be purchased in Ethiopia. (You can send an online donation at [goo.gl/EXcZi1](http://goo.gl/EXcZi1).)

# Sponsor Family Photo Albums

## FAQs

### **Q: How many photos should I send?**

A: Please send between 10-20 photos/items for your album. **TIP:** If you're low on photos, you can include more short notes of encouragement or **brief descriptions** of the photos on 4x6 cards to insert next to each photo. (Descriptions can include names, locations, dates, memories, etc.)

### **Q: Can I send other items, too?**

A: Only small, flat items that can fit into the 4x6 sleeves of the photo album. For instance, postcards of places you've lived or visited are great! Stickers are, too!

### **Q: Do I send a photo album, too?**

A: No, we already have the albums. You only need to send the pictures and items you want to include in your album. We'll have an Album Party in September to assemble all the photo albums from sponsors! If you live in the Bay Area, you can join us and personally assemble your album and others. We'd love the help in making these gifts for the children!

- The exact date of the Album Party is still being determined. Check your email in September for an invitation!

### **Q: Are any photos okay?**

A: Yes, as long as you try to be sensitive to your child's culture and living situation. Please avoid photos that contain immodesty (including swimwear), kissing, violence, and excess (of food, possessions, or wealth).

**If have any questions** about a particular photo, please contact Courtney Hunt.
